IDS Introduces 'Rogue' by Lorenzon: A Poetic Movement of Light

In the dynamic realm of design, decorative lighting has evolved into a profound expression of individual style and character. Leading this transformation is Innovative Design Studio (IDS), a trailblazer in curating exceptional pieces that redefine spaces and enhance experiences.

IDS is thrilled to unveil "Rogue" by Lorenzon. Inspired by the opulence of jewels and the meticulous **craftsmanship of goldsmiths**, Rogue encapsulates the essence of cascading light and extraordinary compositions.

The piece features silky colors, rounded shapes, hand-blown glass, clean lines, and metals in unique colors, all coming together to create a mesmerizing and poetic movement of light. Each element is crafted for customization enabling one to express boundless creativity and creating exclusive and elegant suspensions.

It stands as a testament to illumination, artistry, and refinement. The gentle, flowing forms, handcrafted by skilled artisans, resemble precious gems adorned with exquisite colors, infusing a touch of sophistication into the light compositions.

Whether used in residential or commercial spaces, Rouge suspensions add a touch of sophistication and beauty, elevating any environment.
