IDS introduces the Onn Large Pendant Lamp to India, a one-of-a-kind, handcrafted lighting solution designed around artistic and seafaring themes.

IDG's Innovative Design Studio (IDS) is well known for selecting outstanding lighting fixtures that elevate common areas into remarkable ones. The Onn Large Pendant Lamp, part of the Eponymous series by an emotive light, is introduced by IDS in India and provides a posh lighting experience.

Similar to music or art, light is a medium for evoking emotions. One of the luminaries composed of painted stainless-steel mesh is the Onn Large Pendant Lamp. The lamps in this handcrafted collection, created by Arturo Alvarez, are inspired by the sea; coral, seaweed, and shells all gleam with energy and vibrancy. Because of their unique shapes, they are perfect for ceilings, tables, and walls where intriguing compositions can be made. This thoughtfully designed light is certified energy-efficient and comes in a variety of colours, including white, beige, gray, and taupe.

The lamp's unique design and calming atmosphere will improve your living area. Its textured surface and organic design provide a focal point that gives the space a touch of refinement and cosiness. The soft, diffused light creates detailed shadows that add a warm, inviting glow to the space. This lamp, which combines artistic expression with functionality and is perfect for minimalist or contemporary environments, adds style to any type of décor. Its natural materials and handcrafted accents complement eco-friendly aesthetics, creating a calm and peaceful living space.
