Reimagine lighting as a living expression of nature with this collection, inspired by the delicate pistils of a flower

IDS by Innovative Design Group proudly unveils the Pistilli Collection by Debora Pontarollo for Lorenzon, a poetic celebration of nature's elegance and artisanal mastery.

SHARE

Inspired by the delicate pistils of a flower, Pistilli captures the wonder of nature through its harmonious interplay of ceramic, metal, and glass. The collection's vibrant ceramic hues, shaped and transformed by the magic of fire, create a sense of surprise and depth, ensuring that every piece is truly one of a kind.

With its rounded forms, simple lines, and the striking contrast between traditional glass, lustrous metals, and vivid colors, Pistilli offers both

timeless elegance and contemporary flair. Each bespoke detail, from the luxurious surface finishes to the modern reflections, transforms light into a statement of personality and artistry.

Designed as an ever-evolving series, Pistilli consists of a few distinctive elements that can be combined to create an infinite variety of compositions, shapes, and sizes. Whether displayed as a singular sculpture of light or as part of a grand ensemble, the collection offers boundless creative possibilities for both residential and hospitality spaces.

“The Pistilli collection has reimagined lighting as a living, breathing expression of nature,” says Aryaman Jain, CEO, Innovative Design Studio “By bringing this collection to India, IDS continues its mission to curate the finest in global design, tailored for connoisseurs of luxury.”

About Innovative Design Group

At IDG, we believe that a space transcends its physical dimensions, becoming an amalgamation of artistry, technology, and purpose. Rooted in the fusion of technology and aesthetics, our expertise extends beyond interiors, encompassing the intricate interplay of crafts and architecture.
