THE LIGHT EDIT

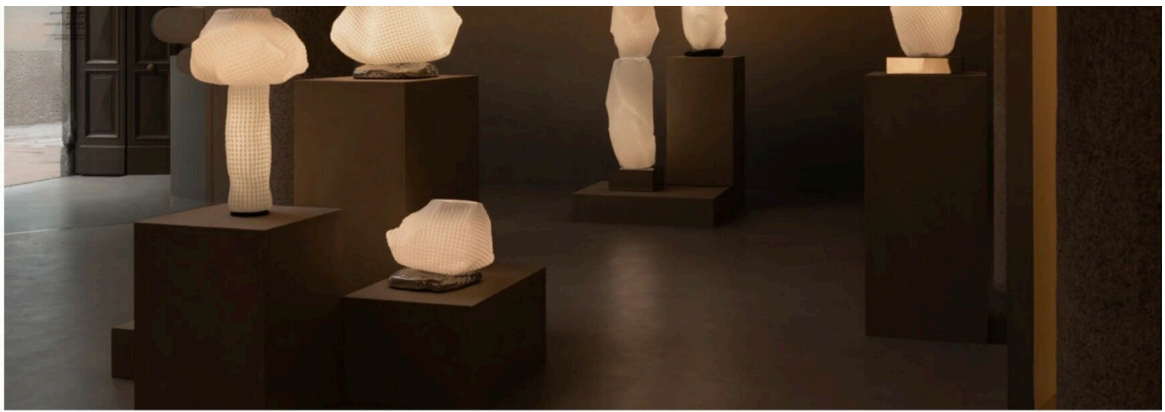

VOL 23. ISSUE 01

Our extended family arrived in Milan with installations and ideas that redrew what a light fixture can do. We were on the ground so you don't have to be.

GIOPATO & COOMBES

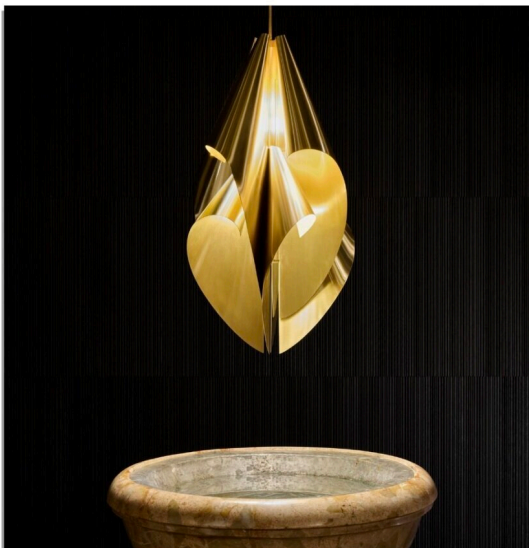

The light *that remains*

In their new collection, **Nokori**, light is an intimate and sheltered structure.

Slender latticed glass forms hover in clusters, each one catching and scattering light in ways that feel almost accidental. Almost.

The collection display was a masterclass in restraint.

BROKIS

Beacon — a reason to stop

Milan rarely slows down. Brokis built something that made it.

Brokis's large-scale outdoor installation **Beacon** became one of the most photographed moments of the entire fair week. A cluster of monumental hand-blown glass columns, lit from within, each one slightly different in height and opacity, together they read like a grove.
