Melody Lighting Collection by Innovative Design Studio

2 MINS READ

Innovative Design Studio, renowned for its dedication to merging contemporary artis with impeccable craftsmanship, has introduced the Melody collection by Elite Bohem Czech atelier renowned for its mastery in Bohemian crystal artistry. This collection redefines opulence — where centuries-old craftsmanship meets modern sculptural elegance.

Project Name: Melody Lighting Collection

Studio Name: Innovative Design Studio

©Innovative Design Studio

The Melody Collection epitomizes Elite Bohemia's commitment to precision, heritage, design innovation. Each luminaire is composed of hand-drawn and hand-cut crystal meticulously crafted from the finest Bohemian crystal. Intricate surface cuts — their size, and density — determine not just the visual allure but also the diffusion, depth, quality of light.

Rethinking
The Future

FUTURE 1

The result is a luminous composition that feels alive: every reflection and refraction becomes a note in a symphony of light. Available in refined finishes such as Crystal, Champagne Silvering, and Sandblasted Gold Coating, the collection offers boundless

possibilities for bespoke creations tailored to diverse architectural settings.

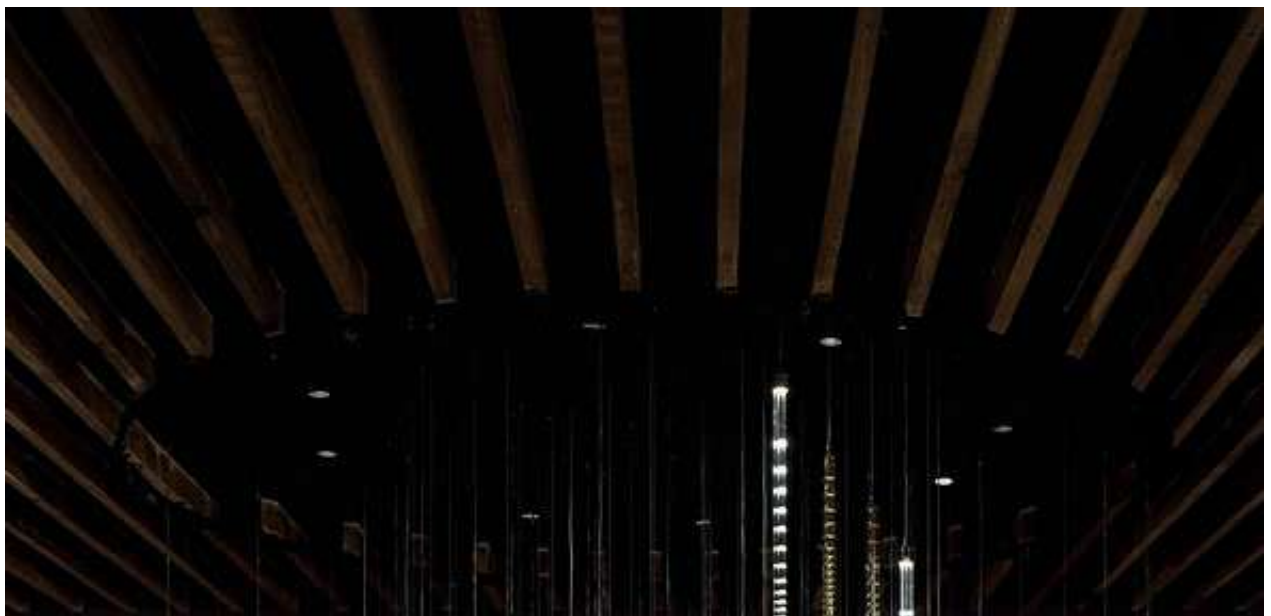

©Innovative Design Studio

The Melody collection features an array of striking designs: some lights are composed

horizontal or vertical wave-like patterns that create a captivating, fluid visual rhythm; others feature rods suspended at varying depths, forming sculptural, abstract installations that add a sense of movement and playful sophistication to any space.

Whether adorning grand residences, hospitality spaces, or boutique environments, the Melody fixtures seamlessly blend artistry with purpose. Their modular compositions in multiple dimensions allow designers to adapt each piece to varied spatial scales — from intimate corners to double-height lobbies.
